GROW MORE SHEEP.

When we consider the high prices paid

for lambs compared with those of former

years, it does seem somewhat strange

that more of these are not grown. A

small flock might well be established on

hundreds of farms which now have no

sheep. At the beginning of the year

Texas had more than 5,000,000 sheep and

Ohio more than 4,000,000. Ontario is

larger than either of these states, and

yet we have only about 1,500,000 head,

and it seems the number is diminishing

from year to year. The American quar-

antine is now cancelled and we conse-

quently have two markets, and both of

them good ones; that is the American

and also the British market. The num-

ber of our sheep might easily be increas-

ed twofold, and then we would not be

overstocked. It is true cannot hope just

now to get very good prices for our wool,

but we can get good prices for our lambs.

Nearly all parts of Ontario, and a goodly

part of the Dominion, are well adapted

to the growing of good lambs. We can

easily grow them to average six dollars

apiece in autumn and nine dollars apiece

in the spring. In these days of small

margins, much attention should of ne-

cessity be given to the full development

of all the resources of the farm.—*Can-*

DUCK LAKE.

Last Monday evening while out boat-

ing Dr. Stewart and A. St. Laurent had

a very narrow escape from drowning.

When out about a mile from shore, the

worst storm ever known on our beautiful

lake sprang up swamping the "Rebecca"

in 12 feet of water. The Dr. being an

excellent swimmer, swam to where he

could bottom; it very nearly exhausted

Mr. St. Laurent fortunately had his

thoroughbred spaniel "Snap" with him

which aided him in reaching the shore.

We are glad to see neither of these gar-

men are any worse for their narrow

escape, and dog flesh has taken a very

rapid rise in price.

The new stores of Prof. Granque and

Mr. Geo. Fisher are nearing comple-

tion.

Harvesting is well advanced all around

here, Mr. Kelly, of Erinscourt, having

already cut his. The potato crop is

excellent, but we fear the growth has

been far too rapid and that it will result

in dry rot later on.

Meetings of the different aspirants for

election to the Northwest Legislature are

being held. Up to the present there are

three in the field, viz: C. Boncher, Ba-

teche; Hilbard Mitchell, Duck Lake

and Chas. Nolin of St. Laurent. The

latter will be out of the race altogether.

Mr. Shannon, of Macdowall, sent us a

bag of the finest new potatoes we ever

saw, this week. It comes mighty handy

to be Irish sometimes.

The Menzies have their houses well

under construction, and have a great

many acres of land broken.

Mr. and Mrs. Pizer are visiting friends

in your town.

Mr. H. Kelly, of Erinscourt, received

the very sad news by wire of the death

of his mother at Sarnia, Ont., on Tues-

day last. He has the deepest sympathy

of all in his sad bereavement.

It is the intention of the Anglican

church to have a resident minister here.

This is as it should be.

What has become of our Agricultural

Society? If it is abandoned, the money

should be returned to the subscribers.

N. W. T. BILL.

Half of August is gone and the above important bill has not reached its second stage, and our Local Legislature is expected to meet during October. The second reading of this bill is almost certain to create an animated discussion in the House. French members will fancy they see in its provisions the death knell of their language within the Territories, the noble thirteen should make a vigorous fight on the school question, which finds no place in the bill as introduced, and the temperance contingent will want to thoroughly understand why their great moral question is being taken from under Federal control. These several important features will for days delay the final passing of the Act, and the people of the Territories are forced to realize that considerable doubt exists as to their securing any of the benefits naturally expected from this bill during the present season. Should the session, the end of which is not yet in view, run on very far into September, the chances of the bill going through are only of the slimmest kind. Previous legislation will justify the public in expecting that only some slight changes will be made in the old act; a clause will be inserted which will prolong the lifetime of the present Assembly for another session, and the Minister will get up in his place and ask the House to adopt the same, promising at the same time to present a much more comprehensive measure at the next session, and the Territories so far as Government is concerned, will be left practically in the same position they have been for the past three years. Should our prophecy prove true, the public should protest in the strongest manner possible. The Government should be made to realize that such treatment will not be tolerated for two years in succession. Important territorial legislation has been introduced only to be withdrawn towards the end of the sessions with explanations of future intentions. Sops of this kind may answer for once or twice, but we advise the Government to be cautious in experimenting with such methods a third time. The delegation sent to Ottawa must be given credit for having secured many valuable concessions previously memorialized for by the Legislative Assembly. The bill as it stands has been favorably received by the people, it is now the duty of the Government to carry out in full their part of the undertaking. They have promised large concessions let them not shirk their duty, nor allow any delays to prevent the passing of the Act this session. Parliament has no right to say who shall represent this people in their Local Assembly. Representatives must enjoy the confidence of the electorate, otherwise representative institutions become a farce. The Government may take this same view of the case, and the bill may yet get through all its stages before the House adjourns, but after having experienced the withdrawal of the two bills above referred to, the public are justified in growing anxious on account of the delays the one introduced this session is being subjected

to. Mr. Dewdney and the other Northwest members are expected to look after this question, and if the final decision is not satisfactory they must be prepared to satisfy an indignant people that it was beyond the power of Parliament to pass the Act.

OPPOSITION HYPOCRISY.

Here is an interesting revelation, as contained in our specials from Ottawa: In the cross-examination before the Privileges and Elections Committee, Patrick Larkin admitted getting a share of the boodle; also that he was a liberal subscriber to the Grit campaign fund and was a stockholder in the Toronto Globe. Here has the Toronto Globe been calling down the vengeance of Heaven on the Government and the boodlers, while the boodlers' money has been sustaining the Globe! With Larkin's money used to elect Grit members, these same members have been denouncing "corruption" at the top of their voices! It is the old story: "Come along John! we've lots of money to put down bribery and corruption!"—Calgary Herald.

In speaking of unrestricted reciprocity the Winnipeg Commercial remarks:—"The idea seems still to prevail in the United States, that some how or other Canada can be induced to accept the trade policy as put forth by that country. This policy is, that Canada should virtually adopt the tariff of the United States against all other countries, and permit complete free trade between the Republic and the Dominion. Senator Chandler, a prominent politician of the United States, is reported to have said recently: 'I hope that President Harrison will meet the Canadian commissioners in October with an offer to recommend to congress that, if Canada will adopt substantially the United States tariff against European products, the United States will admit Canadian products of every description free of duty, the Canadians also to admit all United States products free.' This is the policy which Canada declared against at the recent general election." Parliament has since, and with no uncertain sound pronounced against it. Intelligent Canadians believe that our country is rapidly growing in wealth and importance. Every legitimate effort is being made for extending our trade and it is absurd for American statesmen or Canadian pessimists to ask a progressive and intelligent people to hand over the key of their well filled safe to a foreign power.

Just now the Immigration Committee are hard at work gathering together material for exhibiting at the Provincial Exhibitions in Winnipeg and Toronto. The samples of natural grasses already secured are excellent specimens, and should open the eyes of eastern people. The exhibit is to be general, and it is the desire of the committee that it should be a success. Will such be the case? The farmers of the district have it all in their own hands. The committee will arrange details but they depend on those having choice samples to see to it that they are brought in. If this is neglected the farmers and not the committee will be to blame. Everything points to a magnificent yield of all kinds of grain, roots and grasses. Already considerable harvesting has been done, let the good work go on, and Prince Albert will have no reason to feel ashamed of the record she will make for herself either in Toronto, Winnipeg or any

other centre where our products may be displayed.

The monument to the late Hon. John Norquay which was unveiled in St. John's cemetery on August 1st, is spoken of as an imposing work of art. It stands 28 feet high, and cost about \$2,000. Eulogistic speeches were made by leading public men from both political parties, and hundreds of the premier's native countrymen assembled to witness the honor done their old chief-tain's memory.

SYNOD OF THE DIOCESE OF SASKATCHEWAN.

On Sunday, August 2nd, Rev. D. D. McDonald of Battleford, and Rev. B. Barton of St. Andrew's, were admitted to the Priesthood in St. Alban's church.

On Wednesday at 10 o'clock, a conference of the clergy of the Diocese was held in Emmanuel College, the missionary work of the church among the Indians was fully discussed, and encouraging reports were given by the Missionaries of very satisfactory progress. Various questions of importance were considered.

On Wednesday evening, a Missionary meeting was held in St. Alban's church. His Lordship the Bishop of Saskatchewan and Calgary took the chair and opened the proceedings with a review of the progress and work of our church in the Diocese. Addresses were given by Rev. R. Inkster of Battleford, who has been engaged for about 12 years in missionary work among the Indians, and by Rev. D. McDonald of Battleford, Chief Atahkakoop, (Star Blanket) one of the delegates to the Synod, then gave an interesting sketch in Cree of his history and of the condition of Saskatchewan in the old days. He contrasted his present condition as a Christian with his condition as a heathen, and he traced the various steps by which he had been brought to the light of Christianity. His address was translated into English by Ven. Archdeacon J. A. McKay.

On Thursday 6th, the Synod opened at 10 o'clock a.m., with Divine Service in St. Alban's church. After the Nicene Creed, the Bishop read his address.

The Bishop welcomed the clergy and lay delegates to another meeting of the Synod. He referred to the completion of the Railroad to Prince Albert, since the last meeting of the Synod. His Lordship stated that although not much change was as yet apparent in this part of his immense jurisdiction, the Railroad had enabled many to see and appreciate the grand resources of the Saskatchewan. He pointed out the possibilities of our future, and the work that lay before our church in providing means of grace for the increasing population. The number of clergy has increased from 13 to 16, he would impress that preaching is the great duty and privilege of a missionary, the Great Master Himself began his ministry with these gracious words: "The Spirit of the Lord God is upon me because he hath anointed me to preach good tidings to the meek, he hath sent me to build up the broken hearted to proclaim liberty to the captives and the opening of the prison to them that are bound, to proclaim the acceptable year of the Lord," but our lives must be in harmony with our message. "It is not you," says Dr. Gott, the new Bishop of Truro "not your lips that are the herald of your Lord, not the wisdom of men nor enticing words, neither glowing language, nor exquisite illustrations, neither Carlyles' mighty roughness nor Wilberforces' inimitable voice but you, your own very self. Your spirit akin to the Spirit, your heart akin to your people, your mind possessed with the mind of Christ, and your lips touched not with the golden harps of heaven, but with a coal of a burning fire from its altar."

The question of finances is a pressing one; we owe a debt of undying gratitude to the great societies in England. The Church Missionary Society and the Society for the Propagation of the Gospel, and the C. & C. C. S. has also aided us in our work. In the two Dioceses the number of clergy had increased from 21 to 29; with two exceptions the 14 clergy working among the Indians in the two Dioceses of Calgary and Saskatchewan are entirely supported by the Church Missionary Society. \$8,500 is now expended by that Society in this Diocese, but for the future that Society has decided gradually to withdraw its grant by \$125 every year, so that in twenty years the whole amount of this grant would be withdrawn. An Indian Mission Fund had been formed. Through the judicious management of the Metropolitan, endowments were being formed for Devon and Stanley Missions, and local contributions in these Missions were added yearly to the amounts already secured. The offertory last year for this purpose at Stanley was \$91, and this year \$100. An outline of the work of the S. P. G. was given, also of the C. & C. C. S. The Bishop had at the invitation of the Board of Missions of Canada, visited the Diocese of Toronto to press the needs of our church on the liberality of churchmen in Eastern Canada; we had claims on churchmen throughout the Dominion for assistance to enable our church to lay

the foundation of our work on a broad and sure foundation worthy of our historic position and traditions, worthy of our efforts in the past as the pioneer church in the Missionary work of the Territories. It is essential to the future of our church that we should secure needful support and assistance at this critical and formative period of our history. \$10,000 was required for the two Dioceses of Saskatchewan and Calgary. Valuable assistance, gratefully acknowledged, is given to our work, especially to the Indian portion of it by the various women's auxiliaries of Eastern Canada. Emmanuel College had received a per capita grant from the Government of \$100 per annum towards the support of ten pupils. Assistance has been procured for ten pupils more.

At the last provincial Synod held in Winnipeg a conference of representative churchmen from the two organized ecclesiastical provinces and various dioceses of the Dominion, adopted a scheme of church confederation which is now receiving much criticism in the various diocesan Synods of the Provinces of Canada; with regard to union it seems late for any diocese represented at the conference to object to it, and all the dioceses of the provinces of Canada were represented except Algoma and Columbia. Rupert's Land has done everything in its power to facilitate union and consolidation.

In conclusion His Lordship earnestly pointed out the true spiritual principle that should encourage and sustain the church.

The Synod assembled at 12:30. The Rev. Canon Flett was re-elected Secretary of Synod.

The following clergy were present: Ven. Archdeacon J. A. McKay, Ven. Archdeacon George McKay, Canon Flett, Rev. J. Hines, Rev. E. K. Matheson, Rev. Thos. Clarke, Rev. Robt. Inkster, Rev. R. McLennan, Rev. A. H. Wright, Rev. J. J. Taylor, Rev. John Badger, Rev. J. R. Settee, Rev. D. D. McDonald, Rev. B. Barton. Lay delegates—Messrs. Jas. McKay, J. E. Young, Chief James Smith, M. Okeke, Robt. Umpherville, F. H. Meyers, William Cromartie, Chief John Smith, F. Drever, William Hodgson, James Fiddler, Chas. Pocho, P. Kakasco, Chief Atahkakoop (Star Blanket).

The organization of the Diocese was further completed by the adoption of Canons or Rural Deans, Rurideaconal chapters, subscriptions etc. of the clergy and other resolutions of a general character.

The members of the Synod were entertained at luncheon and dinner at the Queen's Hotel through the kindness of the ladies of St. Alban's congregation.

The Synod adjourned at 17:30 o'clock.

GENERAL NEWS.

Ottawa, Aug. 13.—A slight change was made in the title of the Hudson Bay bill before it passed the Senate to-day. On motion of Premier Abbott, the expression "certain agreement therein contained" was expunged, as the agreement does not appear in the measure. The amendments will be concurred in by the Commons to-morrow.

The address of condolence passed by the county council of York on the death of Sir John Macdonald was presented to-day to Hugh John, who accepted it on Lady Macdonald's behalf, by Messrs. Clarke, Wallace and Mulock, M.P.'s.

Attorney-General Mowat, of Ontario, and Attorney-General Leagley, of Nova Scotia, are here. It is said they are looking into the question as to the power of the Dominion Parliament to enquire into the expenditures and doings of the provincial legislatures.

Montreal, Aug. 13.—The Allan Line Company have just completed arrangements with the British post office authorities, whereby they will resume the carrying of mails between Great Britain and Canada. The arrangement goes into force to-day and will be continued till the end of the season. At the time the Dominion subsidy for mails expired the British postal authorities took the carriage of the mails from the Canadian lines and gave it to New York lines. It is understood that the rate for the service is the same as was paid the New York lines.

Windsor, Aug. 13.—Hon. Vincent Scully the defeated Parnellite candidate for the division of Kilkenny, Ireland, has been here visiting relatives. The gentleman was accompanied by his son Dennis whom he is about to locate on a large ranch in Alberta. Scully left at noon for the Northwest.

LOCAL HAPPENINGS

In Our Midst.

Buy your Confectionery from F. C. Baker. We receive it fresh every week. Who got left on the ferry last Sunday morning?

The Baroness Macdonald and Miss Macdonald are visiting at Bauff.

Const. Gingras, of F Division, has been transferred to headquarters at Regina.

The water in the river is very high at present and running full from bank to bank.

Mr. J. Macarthur left for Winnipeg on Thursday morning last to dispose of a carload of wool recently shipped by him.

Const. Webber, who has been doing duty as town orderly for the past year, has been sent to Saskatoon on detachment duty.

Mr. and Mrs. Pozer, of Duck Lake, came into town from that lively burgh on Wednesday last. They are the guests of Mr. and Mrs. Stull.

Sergt. Sheppard, of the N. W. M. Police, left by Thursday's train on a three month's furlough. He intends visiting England before returning to duty.

Contractor Baker has got Mr. T. E. Parker's new house on the Macdonald estate ready for plastering. It is a neat two story dwelling, and when completed will make a comfortable residence.

We see by the returns that Miss Jessie McFadden of the Colleton school, and Miss Lucille Donnan of the Central school, have each passed very successful entrance examinations for the High School.

While John Ellis, of Carrot River, was crossing the South Branch with a load of cattle on the ferry he had a narrow escape for his life. The cattle crowding to one end of the scow sank it, and Mr. Ellis had to jump and swim for the shore, which he happily succeeded in doing.

Strong Bakers Flour \$3 per Sack at F. C. Bakers.

Mr. Ironsides of Manitou, Manitoba, is rounding up a large herd of choice beef cattle in this district for the English market. Fair prices, we understand, are being paid, and Mr. Ironsides is favorably impressed with the class of stock our farmers are raising.

W. Fawcett, brickmaker, expects to have another kiln ready for use in about a week. The kiln contains 120,000 bricks which were all in good shape when put in, and he expects them to be of a much superior quality than the last. The late heavy rains, in which he lost some 5,000, delayed the work otherwise they would be now ready for use.

While a party of pleasure seekers were out on horse back, taking in the beauties of Canada's national park, it seems that one of the horses, no doubt having been treated to a larger feed of Rocky Mountain oats than usual, started kicking up its heels, with the result that Dr. Brett, M.L.A., is just now suffering from a severe fracture of one of his ankles.

The new Presbyterian church is rapidly progressing under the able workmanship of Mr. Congdon. The walls are now some ten feet in height, and present a very imposing appearance. By some kind of manipulation of the brick yard, the genial Councillor is now chuckling over his work, while further progress on other buildings had to be stopped until more brick can be got ready.

The engravings in the last issue of the *Dominion Illustrated* include two pages of views at Joliette, P.Q., and one showing the Coliseum at Rome. Bishop's Rock, Grand Manan, N.B., and a fishing beach on the same picturesque island, the Quebec dry dock, the Cathedral at Iona and views of the old Berthier P. Q. Manor house are also shown besides several military and other views. The fine historical sketch of the Cuthberts of Berthier is concluded in this number. Mrs. Carzon describes the late celebration of the battle of Lundy's Lane. The Belle of the Settlement, a Northwest story, is a bright and readable sketch. The Sagamore talks of boodle and boddies, and there are many other interesting features in this charming number.

Miss Jones, of Cedar Rapids, is here visiting her relatives Mr. and Mrs. Rochester.

Cases specially for making a display of natural grasses and grain in sheaf have been made. The committee hope to start making up the assortment this week.

The fastenings of the ferry cable on the town side of the river gave way to day afternoon, pulling the capstan over the bank. Men are busy now repairing the damage done.

Owing to Wednesday, our regular publication day, having been declared a civic holiday, and the rifle matches commencing on Thursday morning, we decided to publish to-day (Tuesday) in stead.

The Rev. W. A. Burman, principal of the St. Paul's Industrial School, Manitoba, arrived in on Saturday evening, accompanied by Mrs. Burman and family. They are the guests of Mr. and Mrs. J. Taylor.

It is understood the Government proposes to move soon in regard to the regulating of space for sheep exported to the Old Country. At present there is no regulation, and there are charges of overcrowding.

J. J. Campbell, of the Indian Department, Regina, who is visiting the different reserves in this locality, with the object of paying treaty, came in on Monday evening. Mr. Campbell is an old resident of Prince Albert.

CRICKET.

On Saturday last a friendly game of cricket was played on the Prince Albert Cricket Club grounds between teams selected from the Police and Town clubs. The game was without doubt one of the finest we have yet seen played in Prince Albert. The day was a bowler's day with a vengeance, as the following scores will show. The match was decided by the first innings, in favor of the Police, as there was not sufficient time to play a second innings. The ladies of the town provided an excellent lunch on the ground which was heartily enjoyed. Taken altogether, it was a very pleasant afternoon's outing.

GOLDEN PROPRIETORS

Have Decided to Hold a Special Midsummer Clearing Sale.

Large Assortment of Clothing and Gent's Furnishings always on hand.

SPECIALTIES:
All Light Summer Prints, Dress Goods, Hats, Clothing

At Cost, and Some Goods for Less than Cost.

All we want to do is to turn these goods into ready money, and our low prices will do it. You may ask how we can do this and pay expenses. Let us reason together for a moment. We have three or four reasons. First, you know, money is scarce and worth from ten to fifteen per cent. in this country. So you see it is better to give you a few lines at cost twice a year, rather than carry the goods over until next summer. We are going to invest the proceeds of this sale in Fall and Winter Goods at a small margin, which will be another benefit to you and us.

Second reason—We must make room for large consignments that will be received in a few weeks from European, Montreal and Toronto markets.

Third reason—Our prices are a panacea for the ills of hard times. We have no rent to pay, no clerks to pay, and our expenses are very, very small indeed.

Winning Points—Low Prices, Reliability, Fair Dealing, Great Variety, Golden Bargains, Honor.

We have no percentage of loss on credit sales to charge on the goods you buy. The sale is now going on. Give us a call and we will convince you who the real leaders in low prices are.
